COMPANY PROFILE

Steeped in ceramic industry for more than 30 years, Yongsheng provides professional and quality OEM and ODM services to customers. The quality and multiple years of experience in manufacturing and developing products lays a solid foundation for our strong presence. What we do is what you want. Choose your favorite one, combines it with your idea and show us now!

PRODUCTION SHOW

INGENIOUS COMBINATION OF ART AND PRACTICALITY

We have a first-class design and development team, led by our creative director Helder based in Lisbon, Portugal. Helder and his team constantly provide our company with the latest trends and creative ideas. Our domestic design team, full of youthful energy, combines market insights with skilled production techniques, presenting more beautiful and innovative elements through high-quality products to global consumers.

【1】

- The Source of Inspiration, the Pursuit of Aesthetics -

We draw inspiration from the subtleties of life, extending unique aesthetic perspectives to the design of ceramic home products.

【2】

- Exquisite Craftsmanship, Superior Quality Each -

Ceramic home product is meticulously handcrafted by our skilled artisans. The excellence of craftsmanship is a prideful characteristic we hold.

【3】

- Diverse Product Series to Meet Your Needs -

Our ceramic home product series offers a wide range of options, catering to various daily life scenarios and demands. Whether They're exquisite tea sets, distinctive vases, practical tableware, or decorative items, we can provide you with the most suitable choices. Additionally, we also support personalized customization.

【4】

- Artistic Flair, Illuminating Life -

Ceramic home products are not merely utilitarian objects but a reflection of art. Under the meticulous attention to detail from our designers, exquisite ceramics seamlessly blend into your living space, adding an artistic touch to your everyday life.

We have a well-established production technology that allows us to offer products in different materials such as dolomite, stoneware, low-bone china, high-temperature white porcelain, and more. Our production processes, including glazing, hand-painting, decal application, sandblasting, gold plating, rubber coating, and kiln-fired glazes, are all highly matured. The entire production process strictly adheres to the ISO 9001:2015 quality system, with internal quality standards far exceeding GB/T 3532-2009. Our company's quality control team ensures quality assurance, and we continuously improve product quality and enhance overall quality through ongoing communication and feedback from our customers. Additionally, we strictly adhere to all requirements of the ISO 14001 system.
